

TUBEX ENVOLVENTE twin-wall TUBEX

Tubex wrap is a twin-wall, SPLIT, WRAP-AROUND tree guard. It regains its tubular shape once wrapped around the plant trunk.

Use of the tree wrap helps create a micro-climate for the plant. It is especially recommended for the protection of FRUIT TREES, VINES AND OLIVE TREES.

It allows the use of foliar-applied herbicides and also offers excellent physical protection from rodents and abrasion. It is quick and easy to install and remove.
